25) Epilogue

Ethnical Issues
- AI can be trained on racially/poltically/commercially biased dataset
- Look up: ① Google Search for unprofessional vs. professional hairstyles for work
  ② Tay Chatbot ③ Twitter bot ④ Deep Fakes
- Biggest danger of AI is its unpredictable behavior

Going Beyond This Course
- Gain superficial knowledge (YT) before deciding if it's worth to learn
- YES → Find Technical Resources (posts, courses, codes)

- Read Academic Paper
- Process: Read abstract → Glance thru sections: headers, graphs, codes
  → Read paper in detail → Check citation of other papers
